This could include mimicking the way a celebrity constructs a caption, the layout of their posts, or their signature phrases. Essentially, it involves taking a recognizable format or style and applying it to one's own content, often to attract attention, foster relatability, or capitalize on trending formats. For example, a user might copy a popular celebrity's motivational quote style or mimic their aesthetic by adopting similar

filters, fonts, or hashtags. More advanced implementations might involve copying entire template formats used by celebrities for promotional posts or using similar visual themes in images and videos.
